

BED STANDARDS

Standards

- Each bed frame is secured with metal stabilizers hooked into stable bed ends.
- The standard height across campus is a clearance of 19"; Exceptions include:
 - Colony - Clearance of 24"
 - College Park - Clearance of 30"
 - Simmons & Smith - Clearance of 21"
- All provided mattress are twin XL, size 36" x 80".

Bunk Beds

- Bunk beds are provided in a handful of units across campus for double & triple occupancy compliance.
- Student on top bunks use the ladder style bed ends to climb up.
- Standard clearance from top of mattress to ceiling across campus is a minimum of 24"
- Top and bottom bed ends are secured with metal rods.

Adjustments

Before making any adjustments residents should consult their roommates to ensure everyone is okay with adjustments in their shared space, as adjustments may involve moving dressers or making changes to multiple bed heights.

- Residents are permitted to adjust the height of their beds after they move-in.
 - A work order can be submitted for assistance.
 - Simmons and Smith beds are not adjustable.
- Beds on the lowest position have a clearance of 6" from the floor.
- Beds on the highest position have a clearance of 30" from the floor.
- Upon request residents may receive bunking pins to bunk beds for beds not already bunked.

CBU does not provide residents with bedding, ladders, mattress toppers or safety rails for their beds. Students may purchase their own products, but are liable for any damage they cause to university furniture.
